MEGANITE®

Acrylic Solid Surface

SHAPING THE FUTURE IN HARMONY WITH MEGANITE.
DER ZUKUNFT FORM GEBEN MIT MEGANITE.

For the ultimate in streamlined looks, go for an Integral sink or bowl. The seamless flow between the bowl and the worksurface shows off the true aesthetics of solid surfacing at its very best.

Made from 100% acrylic our comprehensive range of shapes come in a large selection of the Meganite sheet colours

Our shapes have been designed to meet the practical demands for both commercial and residential use, combined with a modern style. Drainer grooves, soap recess, inlay lines can easily be added to the surface of the Meganite to give that finishing touch.

Bei Unterbaubecken von Meganite erscheinen Arbeitsplatte und Becken wie aus einem Guss. Die optisch fugenlose Verbindung des Mineralwerkstoffs gibt Ästhetik eine neue Dimension.

Unsere umfangreiche Beckenkollektion aus 100% Acryl ist in den meisten Meganite Dekoren erhältlich.

Das individuelle Design verbindet Funktionalität und Ästhetik, sowohl für den privaten Bereich als auch für gewerbliche Nutzung.

Ablaufrillen, Seifenablagen oder Inlays sind einfach zu integrieren und geben den letzten Schliff.
